## PAPIER 12. Go. Better than ever.

Posted on April 14, 2012 | [Leave a comment](#)

PAPIER 12 had a fabulous premiere, we hear. The opening night VIP cocktail was another huge success – as it was last year – with one gallery having to replace all the art in its booth, and many galleries selling well that night. Unfortunately, we were in Florence, and missed it. But we did rush down this week-end.

Try and go tomorrow - Sunday April 15, 2012 – to the white tent in the Quartier des Spectacles. You can't miss it. There is a fabulous Shayne Dark installation – bright red and blue – outside, by the red carpet. The white tent, the same size as last year, was very fair-like. And, hey, you get to walk on a red carpet – again.

The show was fabulous. And as a pictures is worth a thousand words..here are lots of pictures. If you miss the show, you can always contact the gallery....
